

Interview Questions by Wang

Wang, Y. H. (2016). Could a mobile-assisted learning system support flipped classrooms for classical Chinese learning?. *Journal of Computer Assisted Learning*, 32(5), 391-415.

4 Open Questions

- Did you have any feedback on using mobile devices for learning classical Chinese?
- Would you like to participate in the learning activities (using the CMACC system for reviewing the learning contents) again in the future?
- Did you encounter any problems while using the CMACC system for learning?
- Would you prefer to preview the learning contents with the textbook or with the CMACC system?
