

### **Semi-structured interview guide about SimMan by Paskins**

Paskins, Z., & Peile, E. (2010). Final year medical students' views on simulation-based teaching: a comparison with the Best Evidence Medical Education Systematic Review. *Medical teacher*, 32(7), 569-577.

1. What were your first impressions of the SimMan session?
2. What are the advantages of using SimMan in a teaching session?
3. What are the disadvantages of using SimMan?
4. What do you think about using SimMan for assessments?
5. If you had the chance to give advice to the organiser of the Emergency Block about the use of SimMan, what advice would you give?
6. If you had the chance to give advice to the Dean about using SimMan in the 4-year medical course, what advice would you give?
